Good morning Sarah,

Please see this recent message from constituent at 5th St/Meyler in San Pedro. I am not sure who this should go to, is this something San can look at?

Hi Isabella

I know it is probably not a good time for this. But there has been apparently a large pipe leak on the 5th street and the water has been keeping running for a few days now. I can not tell where the water is coming from, but it has been dumped into the sewage for long time.

I feel it is huge waste of water. Please check out the video I took this morning.

It is on w. 5th street and west side of Meyler street.

Thank you
